40. Explain the proverb in 30 words:

Model Question:2017

40. Explain the meaning of the proverb “Slow and steady wins the race” in about 30 words.

Answer: “Slow and steady wins the race”

This proverb is a reference to the fable of the hare and the tortoise. While the hare, confident of success, took things too easy, the slow tortoise plodded steadily on and managed to win the race. We should not be discouraged by the size of the task we have to do. If we do it little by little and steadily, we can achieve success. The following quotation from Ovid sums up the ideas: “What is harder than rock, or softer than water? Yet soft water hollows our hard rock. Only persevere.”

Honesty is the best policy

It has been truly said “Honesty is the best policy”. We should always be sincere in the work we do. It is, nevertheless, very difficult to accept honest means of livelihood. Gandhiji always preached us to lead a happy and contented life by being truthful. At present, our society has been trapped by fraudulent people, who in just few years want to become rich. Thus, we can see it is really difficult to lead an honest life among the fraudulent people all around. In spite of so many fraudulent people, honest men still thrive and lead their life with honest means of livelihood.

Hard work is the key to success / Work is worship

An active person depends too much on luck and opportunity. If we continue to work hard and have full faith in God, nothing can stop us from going ahead and touching the sky. We can very well see how hard work has helped men to achieve great heights. We can see the lives of various eminent scientists, who with their hard work have achieved success and received nob prizes for their work. It has been truly said that a person who works hard is always blessed with success. Thus, if we have to attain success in our lives we must work hard.

Prevention is better than cure

The famous proverb ‘Prevention is better than Cure’ means that we should take necessary steps to keep ourselves healthy. Often, people ignore their health, fall sick and then go for treatment. In order to avoid illness, we should take proper care of our health. We should regularly go for exercise, eat fresh fruits, drink boiled water and keep our house clean and hygienic by cleaning it everyday with antigerm cleaning agents. Thus, by maintaining all these we can surely fight against illness and remain healthy.

A friend in need is a friend indeed

It is an old saying that a ‘friend in need is a friend indeed’. Friends are important part of our lives. They influence us very much. Their influence is so much that a good friend always show the path of goodness, whereas a friend with bad qualities teaches bad qualities to his fellow member. One must be careful while choosing a friend.

Where there’s a will there’s a way

If you have the determination to do something, you are sure to find a way of doing it. There is usually nothing that is impossible to do. Napoleon, who rightly believed nothing to be impossible, ordered the army to march into Italy. “Sire, the Alps” said general. “There shall be no Alps”, said the Emperor composedly. And no Alps came in his way. What may seem impossible will turn out to be easy to accomplish, if you go on to do it with determination.

Comprehension:
1. One dollar and eighty-seven cents. That was all. And sixty cents of it was in pennies. Pennies saved one and two at a time by bulldozing the grocer and the vegetable man and the butcher until one’s cheeks burned with the silent imputation of parsimony that such close dealing implied. Three times Della counted it. One dollar and eighty-seven cents. And the next day would be Christmas.

   There was clearly nothing left to do but flop down on the shabby little couch and howl. So Della did it. Which instigates the moral reflection that life is made up of sobs, sniffles, and smiles, with sniffles predominating.

   While the mistress of the home is gradually subsiding from the first stage to the second, take a look at the home. A furnished flat at $8 per week. It certainly had that word on the lookout for the mendicancy squad.

   In the vestibule below was a letter-box into which no letter would go, and an electric button from which no mortal finger could coax a ring. Also appertaining thereunto was a card bearing the name ‘Mr. James Dillingham Young’

   The ‘Dillingham’ had been flung to the breeze during a former period of prosperity when its possessor was being paid $30 per week. Now when the income was shrunk to $20, the letters of Dillingham looked blurred, as though they were thinking seriously of contracting to a modest and unassuming D. But whenever Mr. James Dillingham Young came home and reached his flat above he was called ‘Jim’ and greatly hugged by Mrs James Dillingham young, already introduced to you as Della. Which is all very good

Questions:
1) How were the precious pennies saved?
2) Why did Della count the money thrice?

43. Poem Paraphrasing & Comprehension:

Here’s an example from A Butterfly
That on a rough, hard rock
Happy can lie;
Friendless and all alone
On this unsweetened stone
Now let my bed be hard
No care take I;
I’ll make my job like this
Small butterfly
Whose happy has power,
To make a stone a flower.
(or)

Read the following poem and answer the questions given below.

Power of kindness is great and grand,
Makes dump speak and deaf hear,
And the blind see things quite clear,
Through the rays of the light of heart.
If kindness lives in words alone.
Seldom will it serve at all,
Turn they should as deeds of love,
To find a place in the hearts of war.
World has shrunk from what’t was,
For war to meet across the globe,
Is not kindness a golden girdle,
To bring all mankind into the fold?

Questions:

a) Where does the light of kindness come from?
b) When will kindness be rendered useless?
c) How can one find a place in other’s heart?
d) Why is kindness called a golden girdle?

In heaven’s high bower
With silent delight,
Sits and smiles on the night.

MY FAVOURITE TREE
When life is getting hard for me,
I climb up in my favourite tree
and look down on the world below
where grass is green and flowers grow.
I start to feel good sitting there,
secure within my branchy chair.
Up high, the things that made me frown
look way too small to bring me down.
The sky’s more blue; the sun’s more bright,
and all my dark clouds turn out white
when I climb up my favourite tree
Oh, what a friend he is to me!
- Susan Noyes Anderson

Like me before the merry gate

Model Question:2017

45. Read the following passage and make notes (or) write a summary.

Ants are among a few kinds of animals that divide up their work. Ants are of innumerable kinds. They are scattered wide over the world. Ants are called social insects because of the way they live. They live in groups or colonies. An ant colony is mostly made up of worker ants. The workers are female ants but they do not lay eggs. only queen ants lay eggs. The young queens and the male ants have wings. Some of the worker ants of a colony gather food. Some do the house keeping and take care of the queen and baby ants. Some guard the nest. The workers that guard the nest may be bigger and have stronger jaws than the other workers. So they are called soldiers. Army ants march from place to place and they even build bridges and rope ways with their bodies by holding on one another. These ants are very fierce. Even elephants will try to get out of the way of an ant army. An ant colony is often marked by an anthill. To make rooms underground to line in, the workers carry sand up to the surface and dump it. But not all ants live underground. Carpenter ants live in dead wood. Some ants live inside people’s houses. All ants have four stages in their life history. First, they are eggs, then tiny worm like larvae, next pupae and finally full grown ants.

Exercise – 2:

Moral courage is of the mind, while physical courage is of the body; but mind and body are so closely connected that I think it is impossible to separate the one sort of courage from the other. In many instances of human daring, the moral courage combined with physical to a resolute endurance of physical suffering becomes added to a consciousness of duty. But while physical courage in a human being implies at the least, the moral courage implies much more. This moral courage is the courage which braces us always to do our duty. This is the noblest form of courage and yet it is the courage most commonly required. It is the courage which everyday, almost every hour, demands of us all.

General Paragraphs:

A Morning Walk

A morning walk helps the person to remain healthy and active. It is a light exercise with no expertise needed. It is good for both the young and the old people. It refreshes our mind and makes us fit. We must regularly go for morning walk. I get up at five ‘O’ clock in the morning and go out for a walk regularly. My friend Rima also goes with me. We often go to the park near our house. The morning time is very pleasant. We get immense pleasure seeing the picturesque beauty on the way. The fresh air gives us a good amount of energy. We take a stroll on the green grassy lawns. It is wonderful to see the dew drops on the green grass which give an appearance of pearls. The chirping of birds makes our heart cool. Their songs add to the beauty of nature. The fresh air from the surrounding areas is spellbinding. The waves of the running water in the middle of the park gives a fantastic view.

Independence Day

15\textsuperscript{th} August is an important day in the history of India. India became free on this day in 1947. Independence day is celebrated as a national festival. The nation celebrates Independence day at the Red Fort. The Prime Minister hoists the flag and takes the salute. Then, he delivers a message to the nation. At night, the Parliament House, the Red Fort and the Rashtrapati Bhavan are illuminated with electric bulbs. The entire city looks beautiful. Independence day is celebrated with great enthusiasm. Many people gather at early morning in the airy grounds of Red Fort to see the function. Throughout the country, this day is celebrated with great enthusiasm. Whereas in the states, Chief Ministers unfurl the flags in their capitals and distribute sweets. A National Anthem is sung after the flag hoisting ceremony. It is one of the most important days for Indians. It is a great day as we got freedom from the clutches of the British rule.

The Dowry System

The dowry system is widespread in almost all sections of the Indian society. Dowry is what parents give to their daughters at the time of marriage. It is a kind of help given to the newly married couple from the bride’s parents to establish a new home. This custom is very old. This system was not much prevalent in the past because it was a voluntary offer but these days, it has become a demand. Dowry system has weakened our society and the birth of a daughter is no more considered to be an occasion of joy for the parents. A girl is treated as a burden on her parents. They have to face great difficulties. They find it difficult to search out a suitable match for their daughters. It has become a problem to get the daughter married to a rich and respectable family without a decent dowry. Even a beautiful and well educated girl cannot get married to a rich man’s sons as they demand for huge amounts as dowry. Many girls have been reported to have committed suicide to save their parents from the evils of dowry. This evil must be eradicated form our society as soon as possible, otherwise , it will completely ruin our society.

Good manners

Good manners make a man great and perfect. A good mannered person is admired by all in the society. It makes a person optimistic and graceful in life. Good manners are more important than the Laws of the State.
Way to success

We should be well mannered at home. We should respect our elders and love those who are younger to us. We should co-operate with each other in doing domestic work. We should keep our home tidy and dirt free. We should always respect and entertain the guests who visit us. Good manners should also be taught at the school. We should learn to respect our teachers. We should never misbehave in the class. We should always maintain discipline in our lives. We should never break the belongings of the school. We should always lend a hand to those students who are weak in studies. Good manners play a significant role in social life. We should be polite and courteous to others. We should be courteous even while turning down the unreasonable wishes of others. We should treat everybody equal. If we are in a group, we should treat everybody equal. If we are in a group, we should talk less and pay attention to what others say. We should always add ‘please’ to get any favour and should never forget to say ‘thank you’ as a courtesy for the favour done. By being good to others, a person becomes great in others heart.

Early Rising

It is a famous saying ‘Early to bed and early to rise, makes a man healthy, wealthy and wise’. The great advantage of early rising is the good start of the day. The early riser finishes a large amount of work earlier than other men who get out of bed late. In the early morning, the mind remains fresh and there are no disturbances. People can think in a much better way than others. An early riser also gets some time to do some exercises in the morning as it gives a person lot of energy and keeps his healthy. If one has to succeed in life, one must get up early in the morning. In spite of the fact that there are great advantages of early rising, most of us fail to get up early in the morning. Life has become very hectic and people return from their work late. As they sleep late, they are not able to get up early. But in spite of this people should try to be early risers as early to bed and early to rise would help them to be successful in life.

Games and Sports

Games and sports play an important role in our lives. They gives us immense pleasure. They make our body flexible. They expand our lungs, increase the blood circulation and make our body fit. They instill in us a spirit of sportsmanship, promptness, timekeeping, team spirit, leadership and respect for fellow members. Games and sports have become very popular these days and are taken as a profession by many people. Each game is played under definite rules which all the players follow. Some of the games train us to be obedient and disciplined. Apart from this, they train us how to control and abide by the rules and regulation in our lives.

A fancy dress competition in the school

I am Rinni Chopra. I study in Notre Dame Academy, Delhi. Every year our school organises an annual function. This year also multiple programmes where orgaised on the annual day celebration of our school. The students of different classes participated in the fancy dress competition. They displayed their beautiful outfits on the stage. One of them was dressed up like “Michael Jackson” and another student like a peasant ploughing the field along with his wife serving him meals. I dressed myself like an ‘old woman’. As I stepped on the stage, all the spectators started clapping loudly. I imitated an elderly woman. I was adjudged as the best performer and was given the first prize by the judges. Our school regularly organises these type of competitions where students can show their talents.

Television

Television is one of the wonders of science. It is a great source of entertainment and education. It has brought revolution in the society. Through television, we can see anything happening in any part of the world. Television operates through satellite. It has not only brought the cinema and the stage in to our homes but many children get educated through innovative and educational programmes. There are numerous channels on which we can see the programmes of our choice. Now a days, Dish TV provides very good programmes which were not available in earlier days.
